

Ness M1

User Managment Software

User Guide

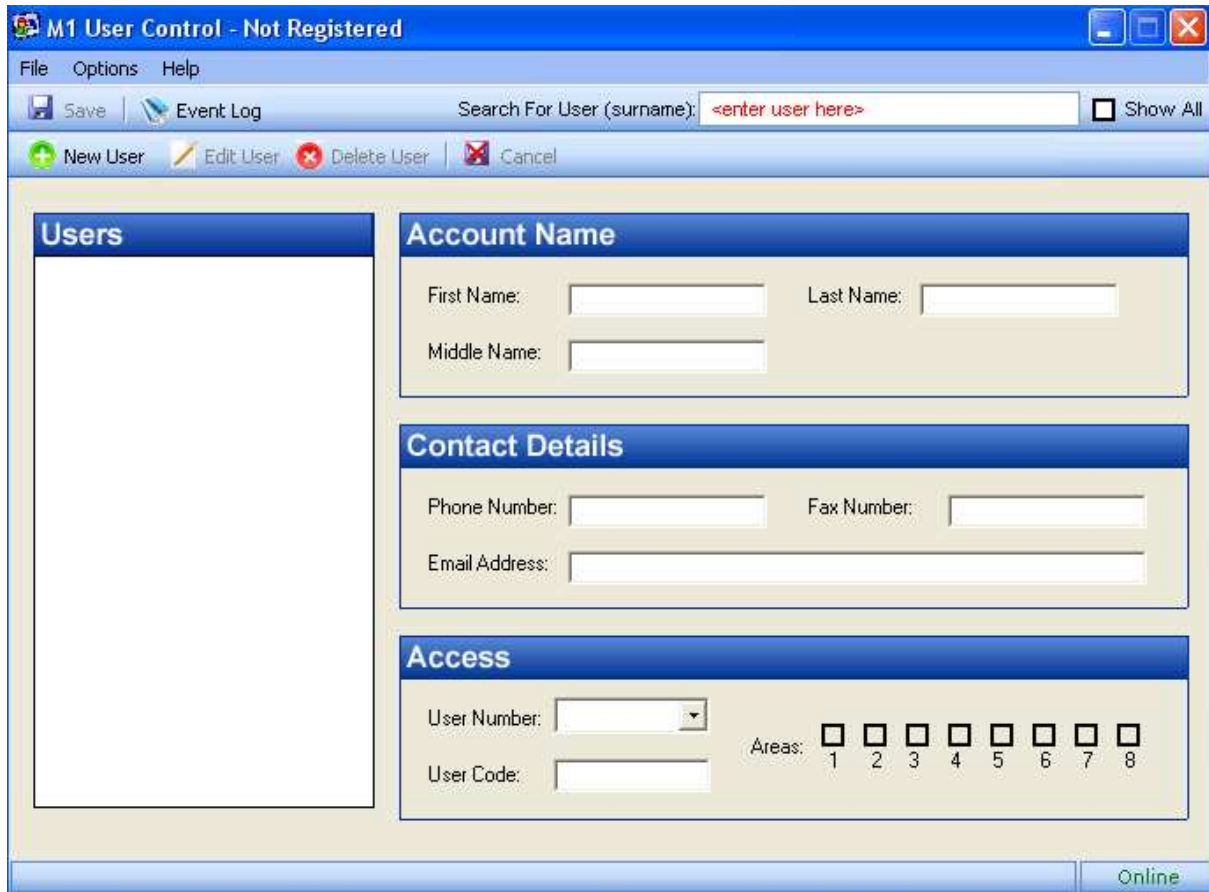

4 / 167 Prospect Hwy,
Seven Hills, NSW
Australia, 2147
email m1support@ness.com.au

Operating Instructions

When the software starts enter your Username and Password. (As default the Username and Password are both **admin** (case sensitive.)

A login dialog box titled "Login - M1 User Control". It has a red header bar with the word "Login" in white. Below the header, it says "Please enter your username and password below to access the database." There are three input fields: "Username:", "Password:", and "Database:". The "Database:" field has a dropdown menu showing "data.mdb". At the bottom, there are three buttons: "About", "Login", and "Cancel".

The main window of the software, titled "M1 User Control - Not Registered". It has a menu bar with "File", "Options", and "Help". Below the menu bar is a toolbar with icons for "Save", "Event Log", "Search For User (surname):", and "Show All". There are also buttons for "New User", "Edit User", "Delete User", and "Cancel". The main area is divided into two panes. The left pane is titled "Users" and is empty. The right pane is titled "Account Name" and contains three sections: "Account Name" with fields for "First Name:", "Last Name:", and "Middle Name:"; "Contact Details" with fields for "Phone Number:", "Fax Number:", and "Email Address:"; and "Access" with a "User Number:" dropdown, a "User Code:" field, and a row of eight checkboxes labeled "Areas: 1 2 3 4 5 6 7 8". At the bottom right of the window is a green button labeled "Online".

Adding a New User: To add a new user into the M1, click on “New User”

This will open the edit screen and allow data to be entered.

Operating Instructions

Account Name

First Name: Last Name:
Middle Name:

Enter the users name and other details as required.

Note : A first and last name must be entered.

Contact Details

Phone Number: Fax Number:
Email Address:

Contact details are optional.

Using the drop down box, select M1 user number (2-199) of what slot you wish to use this user in the M1 panel.

Note : Once it is used it will turn red and not allow it to be used again until the user is deleted from the system.

A screenshot of the 'Access' section of the 'M1 User Control - Not Registered' window. It features a 'User Number' dropdown menu with a list of user numbers (001, 002, 003, 004, 005, 006, 007) and a 'User Code' field. To the right, there are eight checkboxes labeled 'Areas' (1 through 8). A hand icon points to the 'User Number' dropdown menu.

Then enter the 4 digit user code the user will use to Arm and Disarm the M1. Or alternatively you can enter the 8 digit Access Card credential number if access cards / fobs are to be used.

Note : The system will not allow for duplicate codes to be used.

A screenshot of the 'Access' section of the 'M1 User Control - Not Registered' window. The 'User Number' dropdown menu is set to '002'. The 'User Code' field contains the value '2618'. The 'Areas' checkboxes are now checked for areas 1, 2, 3, 4, and 5. A green 'Online' button is visible at the bottom right.

Then save the record.

Once the User is saved its status is momentarily flashed at the bottom right hand corner of the screen to confirm it update.

The user is then added under the Users list on the left hand side.

M1 User Control - Not Registered

File Options Help

Save Event Log Search For User (surname): <enter user here> Show All

Save Event Log Search For User (surname)

New User Edit User Delete User Cancel

Users

Bill Smith (User 002)
Craig Heinemann (User 005)
Darrin Barker (User 006)
Fred Jones (User 003)
Greg Kingsley (User 004)

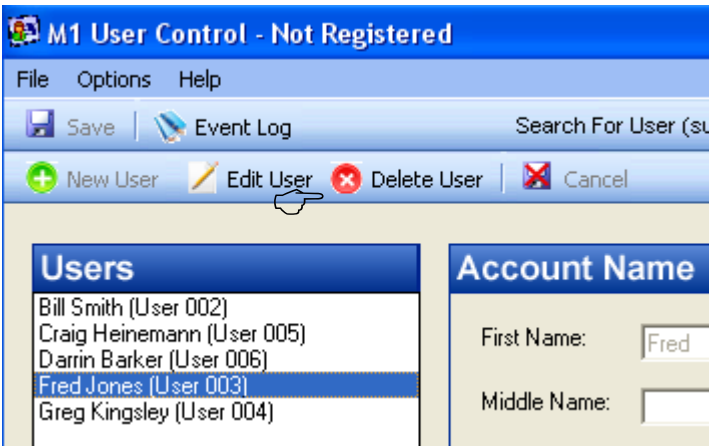

Account Name

First Name: Fred Middle Name:

Contact Details

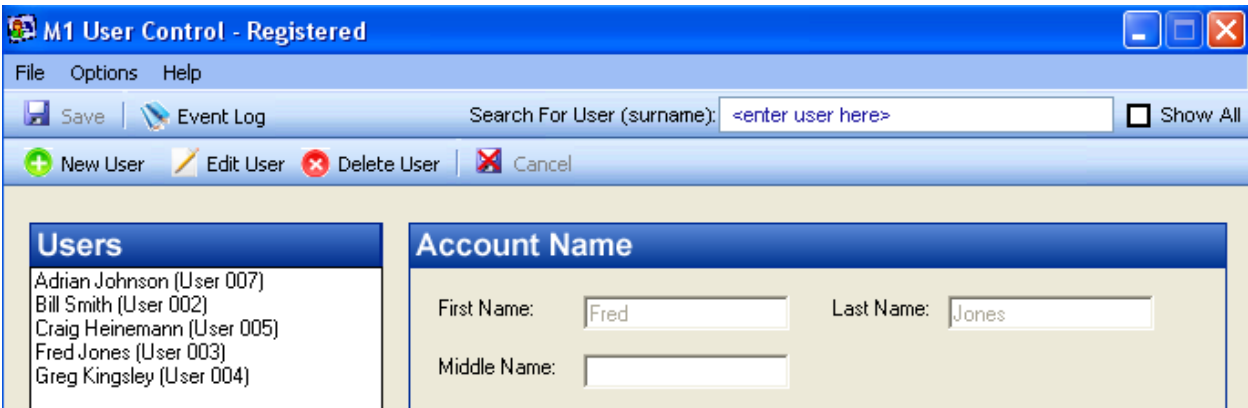

Deleting a User: To delete a user, highlight the user, by clicking on him, then click on “Delete User”. This will then delete the user from the User Control Software and the M1 control panel. The User Number that was used by this user will also be released and be able to be used by another new user.

Note: If you wish to temp delete a user and keep their details in the system, then change their user code to 0000. This will delete the code from the M1 panel but keep the Users record on the system.

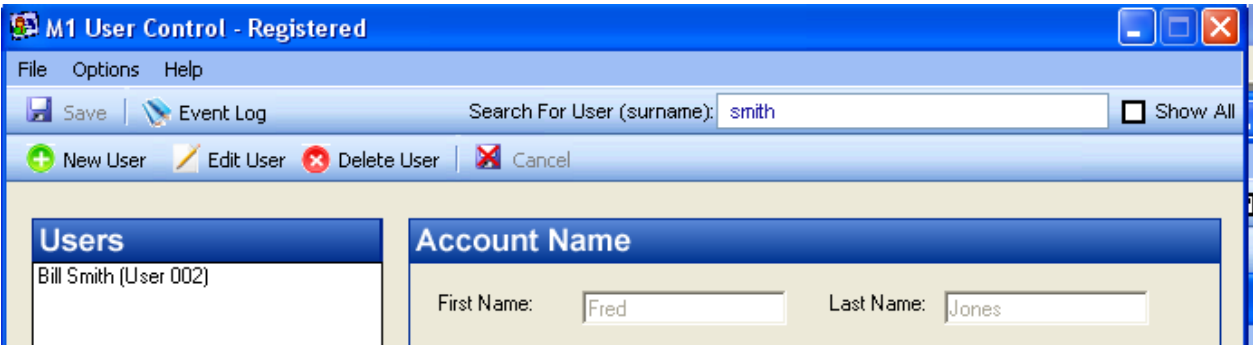

Cancel: If you click on a User to edit or remove but decide not to proceed with any changes then click on “Cancel” to exit the record.

Searching for User: To search for a specific User, then enter their Surname into the search box.

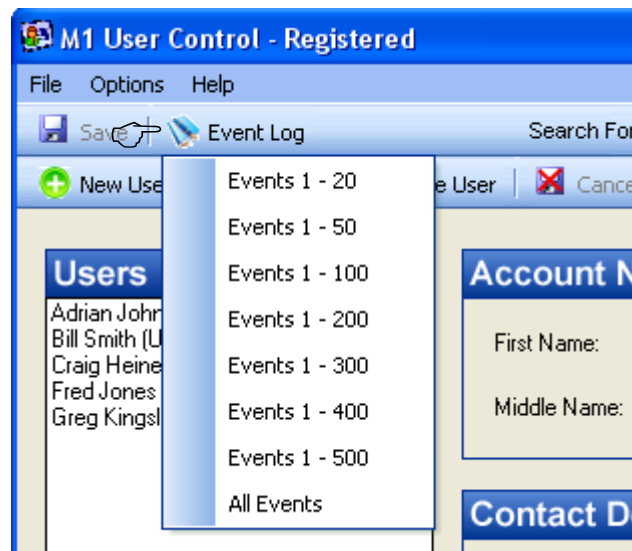

As you start to type in the surname it will automatically narrow the users to the selection you require. To show all users again, click on “Show All”.

Event Log

The M1 Control Panel will buffer the last 500 events.

To access these events click on "Event Log" and then select how many events you wish to upload.

The screenshot shows the 'M1 User Control - Event Log' application window. It contains a table with the following data:

Date	Time	Area	Event	Extended Data
06/11/08	3:48 PM	1	1174 = AREA DISARMED	Bill Jones (User 3)
