

PAIRING INDI-2 PENDANT WITH THE CHARGING BASE

The Indi-2 charging base also has an SOS button which performs the same function as the SOS button on the pendant.

See the user Guide “Activate SOS alarm via Charging Base”.

Note: Indi-2 Pendant and the Charging Base must be ‘Paired’ for this function to operate.

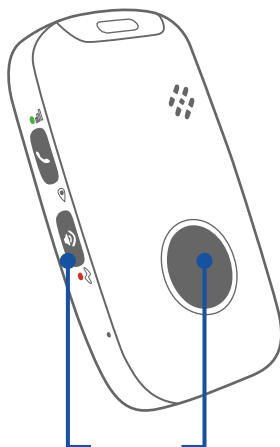

Step 1

On the Indi-2 PENDANT

Press and hold the Mute button and the SOS button together.

You will hear, *“Start pairing, press pairing device button please”*

Go to Step 2.

Press both together
for at least 3 seconds

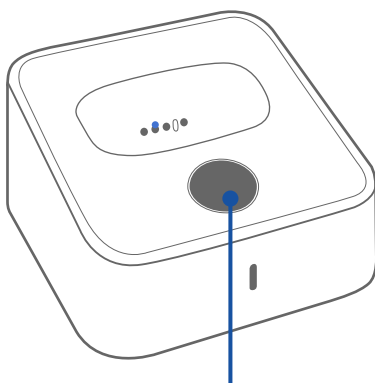

Step 2

On the CHARGING BASE

Press the SOS button.

You will hear *“Pairing success”*

If pairing fails or times out
simply start again from step 1.

Press the SOS button
to pair with the Pendant
